According to Coffee County Revenue Commissioner

Elba area shows growth for first time in a few years in with property taxes

by Linda Hodge, Editor

Coffee County Revenue Commissioner Ronnie Burns presented the annual tax settlement report from property taxes collected for the year just completed Monday morning, May 13, during the Coffee County Commission meeting.

"It is my responsibility each year to give the annual tax report on the year just finished," Burns said.

After reported any insolvents, errors or litigations from the report, he asked commissioners to approve the report so it could be delivered to the state. The motion to approved passed unanimously.

Burns said the county collected \$22,125,026.43 for the 2022 tax year. This past year, the 2023 tax year, his office collected \$24,364,975.50.

"A lot of the increase is due to construction and construction costs but also because of the fact that Coffee County is growing," Burns said. "It is growing much more than people realize."

There were increases in the tax collections all across the board for Coffee County in 2023.

One good sign in the report, according to the revenue commissioner, was an increase shown for Elba. He said taxes collected for Elba increased \$5,618.17 from the year prior.

"Elba hasn't had a lot of growth in the last four years," Burns said. "It looks like it is starting to grow back."

Again, he noted increased taxes for the Elba school district for the collection year as he noted the increases for the school districts. Taxes for District E, which is Elba, increased \$1,838.41 this year.

"That doesn't sound like a lot, but last year it was down. The year before that it was down too," Burns said. "They are starting to come back."

Overall, Burns said it was a good tax collection year

for Coffee County.

In other business during Monday's commission meeting, commissioners approved requests from the engineer and environmental services departments to surplus some equipment and vehicles to be sold at the upcoming JM Wood auction scheduled for June.

Upon the recommendation of county administrator Rod Morgan, commissioners also voted to take on the maintenance and improvements for the Department of Human Resources Building in Enterprise, beginning Oct. 1st of this year.

Morgan said that building is owned by the county but

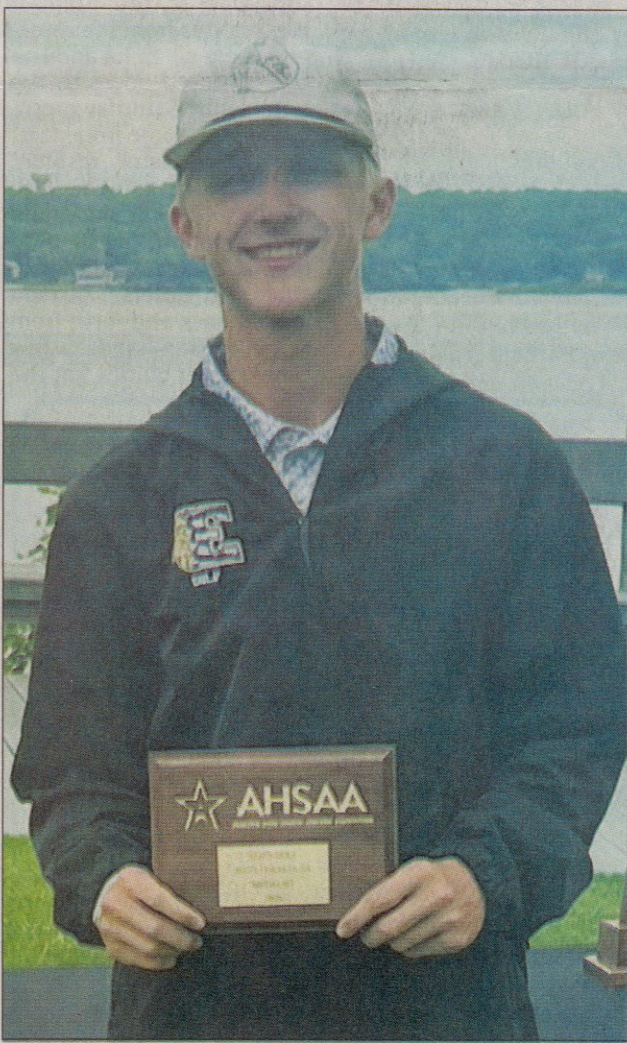

leased by the state. He said the state has asked the county to take over the maintenance of the building after the contract with the current maintenance provider ends later this year. He further noted this would be only for maintenance and improvements to the building and would not cover janitorial or ground upkeep services.

Also, requested by the county administrator, commissioners approved a motion to purchase off state bid a truck for the county EMA office.

The next Coffee County Commission meeting is scheduled for Monday, May 27, at 9 a.m., in New Brockton.

NOTICE:

The annual commemorative Graduation Section to The Elba Clipper featuring area seniors will be in next Thursday's edition of the newspaper.

ELBA'S JAY WILSON (pictured above) EARNED THE LOW MEDALIST AWARD this week during the Alabama High School Athletic Association's golf championships. Wilson competed in the Class 1A/2A championships with the Elba High School Golf team. The team finished third overall in the competition while Wilson earning the low medalist score in the two-day event. Jay is the son of Josh and Jill Wilson of Elba.

The Kinston School kindergarteners and seniors enjoyed spending the day recently in Elba where they toured the Elba Volunteer Fire Department, played on the playground at Tiger Town Park, and had lunch. It was a fun trip enjoyed by all. The group is shown above in front of the Elba Fire Department.

County EMA director says predications indicate active hurricane season

Coffee County EMA director James Brown reminded all Monday morning, May 13, during the Coffee County Commission meeting that hurricane season is fast approaching.

The season begins in June and runs through November.

Brown said early prediction models indicate it could be an very active hurricane season this year.

The regular season for the Elba Parks and Recreation baseball/softball seasons came to an end last week. Now, teams are preparing for all-star tournaments. Last Thursday evening, May 9, the Elba and New Brockton 8u Coach-Pitch baseball teams met up at Hawkins-Williams Park. This was a very competitive game that ended in a tie. Above, Elba Coach Rachel Moore is shown telling his player to stop at third just as the New Brockton team gets the ball back in from the outfield. The runner just beat the throw to the base.

Upon request of Elba Fire Chief Drew Parker

City leaders vote to send letter of intent to purchase new fire truck for fire department

by Linda Hodge, Editor

During the Elba City Council meeting held Monday evening, May 13, at Elba City Hall, Mayor Tom Maddox proclaimed Wednesday, May 22, 2024, to be Emergency Medical Services for Children [EMSC] Day.

This will be part of the National EMS Week.

"I urge all citizens and health care professionals serving the pediatric population to celebrate EMS Week's 2024 theme 'Honoring Our Past. Forging Our Future' to become familiar with Emergency Medical Services for Children," Maddox said.

Also, during the meeting, council members held a lengthy discussion with Elba Fire Chief Drew Parker regarding the potential purchase of a new fire truck for the department. He said the truck the new one would replace was purchased in 1999.

The truck the department is looking to purchase is already in the build process and the price for it is based on numbers from 14-15 months ago. Chief Parker said a truck ordered today would cost at least \$100,000 more now due to the current market.

The cost of the truck presented to the council is approximately \$700,000. Parker said that cost would be shared between the Elba

Volunteer Fire Department and the City of Elba.

During Monday's meeting, the fire chief said he basically needed a motion for intent to purchase to take back to the company he is dealing with so the truck can be marked as sold to Elba. He said financing and other ways for paying for the fire truck could be determined later.

At the point, Parker said he just needed to get Elba's claim on the truck to keep it from being sold to another department instead.

After discussing the matter at length, council members voted unanimously to send an intent to purchase letter to Sunbelt Fire Apparatus. Also, the council and fire chief agreed to con-

tinue their discussion of payment options for the truck in preparation for that.

Parker said no monies would change hands until the new truck is ready for delivery, which should be early next year.

In other business, the council voted to reappoint John Holley to another term on the Industrial Development Board.

Mayor Maddox noted he had recently met with officials from Sunbelt Solomon, and they indicate they are very happy to be in Elba. He said the company employs 35 people currently but expects to be up to 100 employees within the next two years. Also, he said they will be expanding their product line at the Elba facility.

Last week, the New Hope Senior Center hosted a Mother's Day celebration. Patricia Booth was named the Mother of the Year. She received a tiara and a gardening basket. She was accompanied by her son, Chris (both pictured above). He had the pleasure of crowning his mother. The center's ladies were met at the door by the men and greeted with smiles. They were pampered from the moment they entered the door.

Windy Thoughts

with Linda Hodge, Editor

It was refreshing earlier this week to hear Coffee County Revenue Commissioner Ronnie Burns say the Elba area showed a nice increase in property taxes paid this past year. He said that means Elba is again growing...something it had not shown a sign of with property taxes in several years. We've felt this was the trend for some time now, even though many still could be heard saying things like "it's drying up" or a "dying town," and now it is great to see the numbers reflect what we suspected to be the true reality.

The Elba High School boys golf team made it to state once again. This year's team finished third in the state for Class 1A/2A boys. That made four straight years the Tigers from Elba have been to the state tournament with two state championships, one state runner-up trophy, and now a third place finish. Not too shabby at all! Oh yeah...the majority of the team members return next year too!

While still on the subject of the golf team, Elba's Jay Wilson won the low medalist award at the state tournament for Class 1A/2A boys. His two-day total was an under par finish. Anyone who knows Jay knows this young man loves golf, and he is something special to watch when playing the game. Congratulations to Jay on this achievement, and we look forward to watching you continue to do great things on the course!

Also, this week, the Lady Brantley Bulldogs and Lady Zion Chapel Rebels will be competing at the state softball championships. Brantley in Class 1A and Zion Chapel in Class 2A. The results of those tournaments had not been decided as of press time this week, but we salute both these teams for making it to state...that is no small feat! We hope next week to be writing about more championship hardware returning to the local area.

There had been many questions of why would the folks building the new Dollar General store in Elba purchase property to build in an area that tends to take on water in flood times in Elba. Our answer was always, "we don't know why they bought that piece of property but they have their own engineers, etc. so we are sure they have a plan." Well...turns out they did have a plan. Quite a bit of dirt has been hauled in and those folks are 'building up' the spot for construction. Looks to us like their plan the whole time was to construct at a higher level to avoid the low-lying area water problems. Sometimes we just have to wait it out and see what happens to get a better understanding.

Cuzin Lou Lou's Tales from Yonder

Editor's Note: Cuzin Lou Lou's tales are to be enjoyed as a light-hearted form of Southern expression

Cuzin Lou Lou and the Yonder Gang took off last weekend for a little getaway, and as always, it is an adventure when the entire gang travels together.

Papa and Little Bean both get a little "out of sorts" when they are away from their norm at home, but they did pretty good this trip. One of the funniest Papa stories from the weekend came when he and Lou Lou ventured down to the hotel lobby Saturday morning to grab some breakfast.

In true Sister fashion, she had sent Lou Lou with orders to "fix her plate" and bring it back to the room to her. Of course, when Sister gave said orders, Lou Lou looked back and forth from Sister to her hands a few times. Sister quickly got the

message Lou Lou was sending of "I only have to hands to carry all that!"

Sister response to the message was simple. She glanced to Papa and said, "You'll have him with you! Ya'll can handle it."

And...they did. Back to Papa, though.

He needed a little assistance too in getting all his things together for breakfast, and Lou Lou obliged. She waited until he got seated and then proceeded to finish getting her own breakfast.

When she returned to the table, Papa in a concerned voice asked, "Did we need to pay for our breakfast?"

"No. It is part of our stay. Why?" Lou Lou responded.

"Well...there are cashiers over there," Papa said.

With a shake of her head, Lou Lou chuckled and explained, "That's the front desk where we checked in last night!"

That satisfied Papa, and he returned to enjoying his breakfast.

Lou Lou decided right then that she needed to get Papa out more often. He has been spending too much time at home!

As for Sister...well...she found her first complaint regarding Oscar Mike! Riding around with the top panels out and windows down blew her hair too much right after she had fixed it up for supper!

One thing remains certain...there is never a dull moment when the gang travels!

Until next time...God Bless and Keep Smiling!

STEVEN LEON HOLLIDAY

Mr. Steven Leon Holliday, age 60, of Dozier, Ala., died Saturday, May 11, 2024, at Andalusia Health in Andalusia, Ala.

A memorial service will be held Saturday, May 18, 2024, at 11 a.m., at the

New Brockton Methodist Church (now Cornerstone), 118 N Dawkins Street, New Brockton, Ala., with Ken English officiating and Hayes Funeral Home directing. A luncheon from the church will follow in the Fellowship Hall.

Steve was a hardworking, family loving man. A man of few words. His wife and children, along with his Mama, were his world. There was nothing he wouldn't do for them. He was a good man with a heart of gold and would help anyone out.

His support and love for his family was unconditional. During his father's illness and death, he took care of his Daddy and his Mama, and their home and property. He was a good son to his mother after his father's passing, being the rock she leaned on. He loved her deeply, and she him.

He was dedicated to the love of his life, Angelia. He was always by her side, supporting her in every endeavor. The love between them, endless.

Mr. Holliday was preceded in death by his father, Henry Leon Holliday.

Survivors include his wife: Angelia Holliday, Dozier; mother: Sallie Faye Holliday, Elba, Ala.; children: Kayla Holliday, (Kat), St. Paul, Minn., and Sarah Holliday, Dozier; sister: Julie LaRue (Wayne), Conway, Ark.

In lieu of flowers, donations can be made in Steve's name to the Andalusia Animal Shelter, 101 Coliseum Avenue, Andalusia, AL, 36420; 334-222-8705.

Honor Mom's Legacy

Losing a parent is always difficult. Losing your mother is a particularly difficult subject for many who have lost a parent or guardian. Here are a few ways to help honor the legacy of your mother, grandmother, great-grandmother or mother-like figure in your life -

Flowers are a common way to honor mom's legacy. Roses and daisies are beloved favorites to put on a grave, headstone or in a niche or columbarium. Silk flowers are a great alternative to real flowers because of their bright colors, affordable options and their ability to weather all seasons and weather conditions.

Plan a trip. If there was a place your mother or grandmother liked to go, plan a trip to visit that location. Whether it's an amusement park, zoo or exotic destination planning a trip to honor a legacy is a great way to ease some of the pain of loss. A trip can help not only honor a memory but also help make new positive memories in honor of your lost loved one.

Support a cause or charity. Unfortunately, illnesses like breast cancer, diabetes and Alzheimer's claim the lives of far too many women in this country. To honor your mother's legacy, consider donating to a cause or charity that helps provide support, grief resources and research to help others that are going through a similar ordeal. If possible, attend a run or jog to support the cause and help raise awareness. Helping others and socializing with individuals who have been through a related struggle may help some of the grief process.

Today and everyday ... you can honor your mom's legacy in a creative, thoughtful and loving way ... we hope these tips can help.

2024 Annual Drinking Water Quality Report

(Testing Performed January through December 2023)

COFFEE COUNTY WATER AUTHORITY

PWSID # AL0001789

401 Davis St E. Elba, AL 36323

Phone 334-897-0150

We are pleased to present to you this year's Annual Water Quality Report. This report is designed to inform you about the quality water and services we deliver to you every day. We are pleased to report that our drinking water meets federal and state requirements.

Water Quality Protection

In compliance with the Alabama Department of Environmental Management (ADEM), Coffee County Water Authority and the other water systems providing water to us have developed Source Water Assessment plans that help protecting our water sources. All of the assessments were performed, public notification was completed, and the plans were approved by ADEM. If you would like to review the Source Water Assessments, please call our office to make arrangements to view a copy. Please help us make these efforts worthwhile by protecting our source water. Carefully follow instructions on pesticides and herbicides you use for your lawn and garden, and properly dispose of household chemicals, paints, and waste oil. We ask that all our customers help us protect our valuable water sources.

Information about Lead

Elevated levels of lead can cause serious health problems, especially for pregnant women, infants, and young children. However, lead is rarely found in source water. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Your water system is responsible for providing high quality drinking water but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking.

Only use water from the cold-water tap for drinking, cooking, and especially for making baby formula. Lead in household water usually comes from the plumbing in your house, not from the local water supply, and hot water is more likely to cause lead to leach from plumbing materials. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available online at <https://www.epa.gov/your-drinking-water/basic-information-about-lead-drinking-water> or by calling the EPA's Safe Drinking Water Hotline at 1-800-426-4791.

Questions?

If you have any questions about this report or concerning your water utility, please contact Andrew Shearer at 334-897-0150. We want our valued customers to be informed about their water utility. If you want to learn more, please attend one of our regularly scheduled water board meetings. They are held on the third Monday of each month at 5:30 p.m. at the Coffee County Water Authority office in Elba.

More information about contaminants to drinking water and potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline at (1-800-426-4791).

General Information

All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. MCL's, defined in a List of Definitions in this report, are set at very stringent levels. To understand the possible health effects described for many regulated constituents, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and radioactive material, and it can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
 - Inorganic contaminants, such as salts and metals, which can be naturally occurring or result from urban storm water run-off, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
 - Pesticides and herbicides, which may come from a variety of sources such as agriculture, storm water run-off, and residential uses.
 - Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban storm water runoff, and septic systems.
 - Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.
- In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the levels of certain contaminants in water provided by public water systems. Food and Drug Administration (FDA) regulations establish limits for contaminants in bottled water.

Some people may be more vulnerable to contaminants in drinking water than the general population. People who are immuno-compromised such as cancer patients undergoing chemotherapy, organ transplant recipients, HIV/AIDS positive or other immune system disorders, some elderly, and infants can be particularly at risk from infections. People at risk should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Based on a study conducted by ADEM with the approval of the EPA a statewide waiver for the monitoring of asbestos and dioxin was issued. Thus, monitoring for these contaminants was not required.

South Crenshaw County Non-compliance 2022: South Crenshaw County Water Authority incurred a reporting non-compliance during 2022. This non-compliance resulted from a failure to submit the January-December 2022 Synthetic Organic Compounds (SOC) results to ADEM by January 10, 2023. The ADEM Admin. Code states, "the supplier of water shall report to the Department the results of any test, measurement or analysis within the first 10 days following the month in which the result is received or the first 10 days following the end of the required monitoring period as stipulated by the Department, whichever is shortest."

We did monitor for SOC during the correct time frame; however, the results were not reported to ADEM by the deadline of the 10th day of the month following the sample period. If you have any questions about this non-compliance or your water quality, please contact please call LeAnn Wilcox at 34-627-3061.

Definitions

Action Level- the concentration of a contaminant that, if exceeded, triggers treatment or other requirements.

Coliform Absent (ca)- laboratory analysis indicates that the contaminant is not present.

Disinfection Byproducts (DBPs)- formed when disinfectants react with bromide and/or natural organic matter (i.e., decaying vegetation) present in the source water, and disinfection byproducts for which regulations have been established include trihalomethanes (THM), haloacetic acids (HAAS), bromate, and chlorite.

Distribution System Evaluation (DSE)- a four quarter study conducted by water systems to identify distribution system locations with high concentrations of THMs and HAAS.

Maximum Contaminant Level (MCL)- highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal- the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Maximum Residual Disinfectant Level (MRDL)- highest level of a disinfectant allowed in drinking water

Maximum Residual Disinfectant Level Goal (MRDLG)- the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Micrograms per liter (ug/L) – equivalent to parts per billion (ppb) since one liter of water is equal in weight to one billion micrograms.

Milligrams per liter (mg/L) – equivalent to parts per million

Millirems per year (mrem/yr)- a measure of radiation absorbed by the body.

Nephelometric Turbidity Unit (NTU)- a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person. Not Detected (ND)- laboratory analysis indicates that the constituent is not present above detection limits of lab equipment.

NR (Not Reported)- laboratory analysis, usually Secondary Contaminants, not reported by water system. EPA recommends that secondary standards be reported but does not require systems to comply.

Parts per billion (ppb) or Micrograms per liter (ug/L)- corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per million (ppm) or Milligrams per liter (mg/L)- corresponds to one minute in two years or a single penny in \$10,000. Parts per quadrillion (ppq) or Picograms per liter (pg/L)- corresponds to one minute in 2,000,000,000 years, or a single penny in \$10,000,000,000,000.

Parts per trillion (ppt) or Nanograms per liter (nanograms/L)- corresponds to one minute in 2,000,000 years, or a single penny in \$10,000,000,000.

PicoCuries per liter (pCi/L)- a measure of the radioactivity in water.

Running Annual Average (RAA)- yearly average of all the DBP results at each specific sampling site in the distribution system. The RAA, along with a range, is reported in the Table of Detected Contaminants.

Standard Units (S.U.)- pH of water measures the water's balances of acids and bases and is affected by temperature and carbon dioxide gas. Water with less than 6.5 could be acidic, soft, and corrosive. A pH greater than 8.5 would indicate that the water is hard. Treatment Technique (TT)- a required process intended to reduce the level of a contaminant in drinking water.

Variances & Exemptions (V&E)- State or EPA permission not to meet an MCL or a treatment technique under certain conditions.

Monitoring Schedule and Results

Your water supply is routinely monitored for contaminants in accordance with Federal and State laws. The Alabama Department of Environmental Management (ADEM) allows us to monitor for some contaminants less than once per year because the concentrations of these contaminants do not change frequently.

This report contains results from the most recent monitoring which was performed in accordance with the regulatory schedule. We have learned through our monitoring and testing that some constituents have been detected. We are pleased to report that our drinking water meets federal and state requirements.

We get to celebrate a couple of ‘two for one’ holidays in the months of May and June since my birthday and ‘Mother’s Day’ are usually just days apart, and then Kathy’s birthday and ‘Father’s Day’ also usually fall in the same week. While it is good for us and allows us to go out to eat and get a small present, it isn’t the same for our girls as they are faced with worrying about getting us presents and helping us celebrate. Hey, at my age a hug and an ‘I love you,’ are the best presents I can get!

For what it is worth....

*** The Elba Lady Tigers saw their success on the softball field come to an end last week at the South Region tournament with two straight losses. The Lady Tigers had piled up a lot of wins in the regular season and had high hopes of pulling off a couple of upsets at region to make it to the state tournament, but fell into the losers bracket early and then were upset victims in the second round. While the season certainly didn’t end as the team and its fans had hoped, it was a winning season for the Lady Tigers and one they should all look back on with pride. The loss to Fruitdale that ended the season was a huge disappointment, but besides that the Lady Tigers lost to only three teams all season – Brantley, the six-time state champions looking for their seventh crown in ten years; Wicksburg, the state’s top ranked 2A team looking to improve on last year’s runners-up finish at state; and, Kinston, a perennial softball power that won 29 games and fell one win short of making a trip to state. The best lesson in sports is often learned from your peers, and this team should have learned a valuable lesson that it was much better than even they realized, and that it is much closer to being a real state title contender than many may realize. With only two seniors in the starting line-up this season, there can be no doubt next year’s squad will have experience and should make another run at area, region and state titles.

*** It was a week to celebrate for Zion Chapel and Brantley as both teams qualified for the state tournament. The Lady Rebels improved their record to 37-4 with a runner-up finish at the region tourney and had to win three straight games in the elimination bracket to advance after a one-run loss in their second game, while Brantley struggled to a 16-14 regular season record against a schedule that never gave the Lady Bulldogs a chance to rest, but rolled to five straight post-season wins over 1A opponents by a combined score of 76-3 and will now get the chance to defend their title. While the players down at Kinston didn’t get to make a trip to state, the Lady Bulldogs certainly gave their fans plenty to cheer about in both the regular season and in the post-season as they rolled to 29 wins with a young, but very talented team, and without a doubt left the girls even hungrier than before to bring home a state title. While the area will be well represented at this week’s state tournament, so too will the wiregrass as some of the state’s top teams will converge at Oxford looking to claim an elusive state championship trophy. The teams at state include (1A) Brantley, (2A) Wicksburg and Zion Chapel, (3A) Opp, (4A) Houston Academy, (5A) Rehobeth, and (7A) Enterprise and Dothan.

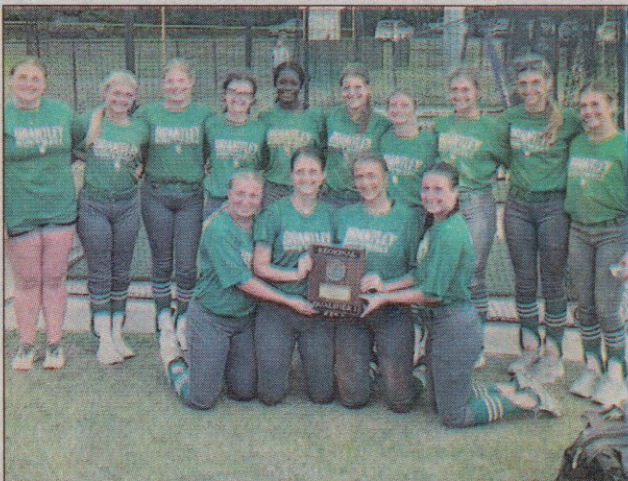

*** The Elba Tigers headed up to Florence over the weekend to compete at the state tournament in golf, and the Tigers will again be a team to keep an eye on as they compete against seven teams from across the state in the 1A-2A division. Elba placed second at last year’s state tournament after claiming back-to-back state championships, and while it hasn’t been quite as dominating this season at times, the Tigers always play their best at state, and all their fans back here in Elba are pulling for them to make it three out of four!

*** While everyone drafted by the NFL gets excited about getting the chance to continue their football careers at the professional level, another reason they get excited is the chance to add money to their bank accounts. Some players with area ties signed their contracts last week, led by former Auburn quarterback Bo Nix, who signed a four-year, fully guaranteed contract for \$18.613 million. The Denver Broncos rookie is already on the practice field with his new team and while he will face a challenge at each and every practice, the fact he is now a millionaire should take away at least a little of his anxiety. All rookie contracts are for four years, and while all aren’t guaranteed, the money is amazing. Other contracts signed last week went to Auburn defensive back Jaylin Simpson (\$4.317 million), Troy running back Kimani Vidal (\$4.227 million), Alabama running back Jase McClellan (\$4.214 million), Alabama kicker Will Reichard (\$4.191 million), and Auburn defensive tackle Marcus Harris (\$4.105 million). The NIL money may be big, but it ain’t that big.

*** In closing.... There are rumors circulating that a change may be coming in the Alabama High School Athletic Association that will allow its member schools to compete in sports against teams from the Alabama Independent School Association during the regular season. The decline in the number of teams in the private school association and the addition of many former AISA schools into the AHSAA has created problems for many private schools having to deal with travel, and to allow the merger in regular season schedules seems like a win-win for all parties. I doubt we would ever see a Luverne vs. Crenshaw Christian match-up in football, but the two schools could possibly face off in basketball, baseball or softball, and by playing the AHSAA member schools the private schools could without a doubt enjoy bigger gates. It is just a rumor, but is one that is interesting to think about.

ZION CHAPEL LADY REBELS

BRANTLEY LADY BULLDOGS

Zion Chapel & Brantley headed to state

The Zion Chapel Lady Rebels continued their historic season last week by placing second at the South Region High School Softball Tournament to punch their tickets to this week’s Class 1A State Tournament, in Oxford.

The Lady Rebels opened region play against Clarke County and rallied from an early 3-0 deficit to claim an exciting 6-3 win. Clarke County scored all its run in the top of the first inning, while Zion Chapel pulled even in the third and then pulled away to claim the win. Sydney Boothe had 2 hits to lead the Lady Rebels, while Shea Wambles added 1 hit, scored 1 run and had 2 rbi’s; Amber Kidd added 1 hit and 2 rbi’s; and, Kennedy Hussey and Kaylee Hodge both added 1 hit and scored 1 run.

The Lady Rebels saw an early 3-1 lead evaporate in a tense 4-3 loss to G.W. Long. Zion Chapel scored three runs in the third inning to grab the lead, but never made it back to the plate and saw G.W. Long rally to steal the win. Kennedy Hussey had 1 hit and 2 rbi’s to lead the Lady Rebels, while Madison Meeks, Sydney Boothe and Shea Wambles all added 1 hit. Riley Bannin pitched six innings and allowed three earned runs on five hits, with six strikeouts, while Boothe pitched one inning and struck out two.

The Lady Rebels pulled ahead 4-1 in the third inning and held on to battle past J.U. Blacksher 4-3. Riley Bannin had 2 hits and 1 rbi to lead Zion Chapel, while Kaylee Hodge added 2 hits and scored 1 run, Kennedy Hussey added 2 hits, and Amber Kidd, Sydney Boothe and Emily Rhodes all added 1 hit. Boothe pitched seven innings and allowed one earned run on six hits, with seven strikeouts.

The Lady Rebels used a 6-run second inning to take command and coasted in with a solid 11-6 win over Luverne. Aubrey Bassett had 2 hits and scored 2 runs to lead Zion Chapel, while Kennedy Hussey added 1 hit, scored 3 runs and had 2 rbi’s; Sydney Boothe added 1 hit, scored 1 run and had 2 rbi’s; and, Amber Kidd added 1 hit. Riley Bannin pitched seven innings and allowed four earned runs on eight hits, while striking out eight.

The Lady Rebels secured a state tournament berth with a heart-stopping 9-8 win over G.W. Long. Emily Rhodes singled with two outs in the bottom of the seventh and advanced to second on an error; then raced home on a walk-off rbi single by Riley Bannin to give Zion Chapel the wild win. Riley Bannin had 4 hits, scored 2 runs and had 2 rbi’s to lead the Lady Rebels, while Kaylee Hodge added 2 hits, scored 2 runs and had 2 rbi’s; Kennedy Hussey added 2 hit and scored 1 run; and, Emily Rhodes added 1 hit and scored 3 runs. Sydney Boothe pitched seven innings and allowed six earned runs on ten hits, while striking out seven.

The Brantley Lady Bulldogs continued their run through the playoffs last week as they posted three straight wins to claim the Class 1A South Region championship.

The Lady Bulldogs began region action against Elba and combined seven hits with nine walks to claim a 15-0 win.

Elba makes early exit

The Elba Lady Tigers competed last week at the Class 1A South Region softball tournament and saw a successful season come to a disappointing end as they lost to Brantley 15-0 and Fruitdale 8-7.

Elba fell behind early in its loss to Brantley as the Lady Bulldogs combined one hit with seven walks and two errors to grab an 8-0 first inning lead, and the Lady Tigers failed to reach the plate as they dropped the 15-0 decision. Mary B. O’Neal had a double to lead Elba at the plate, while Destinee Tidwell and Kaleigh Russell both added 1 hit. Ayrika Caldwell pitched one-third of an inning and allowed six earned runs on one hit and five walks, while Jadyn Caldwell pitched three and one-third innings and allowed seven earned runs on five hits and four walks.

Elba saw their season end with a disappointing 8-7 loss to Fruitdale, in a game in which the Lady Tigers jumped out to a 7-2 lead and watched the lead slowly slip away. Elba jumped out to an early 1-0 lead when Danielle Tidwell led off the game with an inside-the-park home-run, but stranded two runners on base in the second and watched as Fruitdale slipped ahead 2-1. Kaleigh Russell, Destinee Tidwell and Ana Caldwell had consecutive singles to lead off the third inning and Mary B. O’Neal followed with a 2-run double and later scored on an rbi double by A’Lyric Whitfield as the Lady Tigers grabbed a 7-2 lead. Elba stranded three runners over the final four innings and then saw Fruitdale take advantage of walks and errors in the bottom of the seventh as Elba dropped the 8-7 decision. Ana Caldwell and Mary B. O’Neal both had 3 hits, scored 1 run and had 2 rbi’s to lead Elba at the plate, while Danielle Tidwell added 2 hits, scored 1 run and had 2 rbi’s; Destinee Tidwell added 2 hits and scored 1 run; Kaleigh Russell and Haley Tucker both added 1 hit and scored 1 run; and, Ayrika Caldwell and A’Lyric Whitfield both added 1 hit. Ayrika Caldwell pitched six innings and allowed five runs on two hits and nine walks, with nine strikeouts, while Jadyn Caldwell pitched two-thirds of an inning and allowed one earned run on three hits.

a seven walks and never looked back to advance in the winner’s bracket. Coco Stamps had 2 hits, scored 3 runs and had 2 rbi’s to lead Brantley, while Emma Crawley added 2 hits, scored 3 runs and had 1 rbi; Kaitlyn Piggott added 1 hit, scored 2 runs and had 1 rbi; and, Mary Driggers added 1 hit, scored 1 run and had 1 rbi. Anna Parker Little pitched four innings and allowed no earned runs on three hits, with eight strikeouts.

The Lady Bulldogs met Sweet Water in semifinal play and used a 16-run third inning to post a big 19-2 win. Marley Kilcrease had 2 hits, scored 3 runs and had 4 rbi’s to lead Brantley, while Alex Grimes added 2 hits, scored 3 runs and had 3 rbi’s; Anna Parker Little added 2 hits, scored 2 runs and had 3 rbi’s; and, Coco Stamps added 1 hit, scored 1 run and had 1 rbi. Little was the winning pitcher as she tossed three innings and allowed one earned run on three hits, with five strikeouts.

The Lady Bulldogs claimed the region title with an impressive 9-1 win over Leroy. Brantley scored three runs in the third, fifth and sixth innings to pull away and post the win. Coco Stamps had 3 hits, scored 3 runs and had 2 rbi’s to lead Brantley, while Marley Kilcrease added 3 hits and scored 3 runs; and, Anna Parker Little added 1 hit and 1 rbi. Little was the winning pitcher as she tossed seven innings and allowed one earned run on five hits, with three strikeouts.

Kinston one win short

The Kinston Lady Bulldogs competed last week at the Class 1A South Region high school softball tournament and posted a 3-2 record to fall one win short of advancing to this week’s state tournament.

The Lady Bulldogs opened the tournament against Red Level and combined 9 hits with 9 walks to roll to a big 15-0 win. Brynne Kelley had 2 hits, scored 1 run and had 4 rbi’s to lead Kinston, while Bella Lashley added 2 hits and scored 1 run; and, Aubrey Norris and Aubrie Brown both added 1 hit, scored 2 runs and had 2 rbi’s. Lauren Norris pitched four innings and allowed no earned runs on two hits, with seven strikeouts.

The Lady Bulldogs saw an early 1-0 lead vanish late in a 7-1 loss to Leroy. Lili Sumblin hit a solo home-run for the only Kinston run, while Brynne Kelley led the Lady Bulldogs with 3 hits and Lyla Bruce added 1 hit. Sumblin pitched seven innings and allowed six earned runs on ten hits, with five strikeouts.

The Lady Bulldogs opened up a 14-0 fourth inning lead and coasted in with a 14-1 win over Fruitdale. Aubrie Brown had 3 hits and scored 3 runs to lead Kinston, while Camdyn Norris added 2 hits, scored 2 runs and had 2 rbi’s; Lili Sumblin added 2 hits, scored 1 run and had 3 rbi’s; Brynne Kelley added 2 hits, scored 2 runs and had 1 rbi; and, Bella Lashley added 2 hits, scored 1 run and had 1 rbi. Lauren Norris and Camdyn Norris combined to pitch five innings and allowed one earned run on two hits, with eight strikeouts.

The Lady Bulldogs scored in every inning and combined 9 hits with 10 walks to blank Sweet Water 10-0. Camdyn Norris had 3 hits and 3 rbi’s to lead Kinston, while Brynne Kelley added 3 hits and 1 rbi; Lili Sumblin added 2 hits, scored 2 runs and had 3 rbi’s; and, Lyla Bruce added 1 hit and scored 2 runs. Sumblin pitched five innings and allowed no earned runs on two hits, with eight strikeouts.

The Lady Bulldogs saw an early 5-2 lead slip away in a disappointing 7-5 loss to Leroy. Camdyn Norris had 3 hits, scored 1 run and had 3 rbi’s to lead Kinston, while Aubrie Brown added 2 hits and scored 1 run; Bella Lashley added 1 hit and 2 rbi’s; and, Lili Sumblin added 1 hit and scored 1 run. Lauren Norris pitched five and one-third innings and allowed seven earned runs on ten hits, with eight strikeouts, while Lili Sumblin pitched one and two-third innings and allowed no runs on no hits, with one strikeout.

Elba Parks and Rec 10u softball team finishes season strong

The Elba Softball Dixie Angels (10 & Under) finished the season 3-4 with strong wins against New Brockton and Geneva.

The girls started the season with a few on the team that had no prior softball experience, but they worked hard the entire season to finish strong with some big wins.

"We were very lucky to have Carol Anne Harrison

volunteer to help coach the team this season," said Coach Deann Grantham. "She was a blessing to the team. With her prior collegiate softball knowledge, the girls grew leaps and bonds."

Grantham said the girls finished their 2024 season filled with excitement and anticipation over what next year will bring.

Here Comes the Judge

The late Sammy Davis Jr. is remembered, not only for his musical talent, but also for his work as a comedian. One of his most memorable routines was called "Here Comes the Judge."

Davis wore a judge's robe and sat behind a huge bench as if in a courtroom. Many found the unorthodox judgments that his character handed down to be entertaining.

Harry Anderson, star of the television series Night Court got laughs as well with his caricature of a judge who dressed and behaved in a non-conformist style.

There is often genuine humor in characterizations that are non-stereotypical.

Amos was no "stereotypical" or "cookie cutter" clone of the prophets of his time and place. He really did not have the credentials considered necessary to qualify him for such a job. He was authorized, however, by the Supreme Judge of all the earth. It was God's indictment that he boldly brought against Israel and Judah. He needed no other validation, degree, or license.

God often appoints unlikely candidates to deliver His messages and render His judgments. Consider the "motley crew" of twelve whom He used to begin the church. Consider us, whom He has commissioned to preach "repentance and remission of sins" to the nations (Luke 24: 47). His commandment alone qualifies us to be "prophets and judges" to our time and to our world. – R.W.B.
